

The Easton Public Schools Building Committee is looking for staff, families, students, and community members to participate in the *Educational Visioning Workshops* for the EPS Early Elementary Building Project.

This group will participate in three Educational Visioning Workshops run by New Vista Design and Perkins Eastman Architects. Each workshop (WS) will be a collaborative session designed to inform the Feasibility Study that has been awarded by the Massachusetts School Building Authority (MSBA). Participants will be led through a step-by-step visioning process aimed at capturing their best thinking about the Easton Public Schools’ current and future educational goals and priorities for our PK-2 students, and connecting them to best practices and possibilities in innovative school facility design. All workshops are designed to be highly participatory, engaging, and informative.

If you are interested in being a part of the Educational Visioning Workshops and are able to attend all meetings (see below), please contact Assistant Superintendent, Crissy Pruitt, at cp Pruitt@easton.k12.ma.us by Wednesday, September 19th. That will provide time to alert those interested if they will be part of the group or not. While it is very important to have various representation at the workshops, spaces will be limited.

| Workshop 1- Wednesday September 26th 4:00pm-8:00pm Location: Oliver Ames Cafeteria | Workshop 2- Tuesday October 2nd 4:00pm-8:00pm Location: Oliver Ames Cafeteria | Workshop 3- Monday October 29th 4:00pm-8:00pm Location: Oliver Ames Cafeteria |
