Resource for Holiday Observance

2018-2019 School Year

This guide was prepared by the Town of Easton's Human Rights Committee as a resource for teachers, coaches, and all school personnel to promote cultural proficiency. The purpose of the guide is to explain what "observing" the following holidays means in terms of a student's ability to be present in school, complete work, or participate in any after-school activities, as well as dietary and other considerations.

Please note that this guide describes only major holidays that may fall on a school day and which are not already legal holidays or days off from school. We acknowledge that students may be absent for other religious or cultural observances beyond what is on this list, and we ask that school personnel treat such absences with understanding and accommodation.

- ± Excused absence
- † Will be allowed one (1) extra day after return to school to complete work
- ‡ Dietary considerations
- * Holy days usually begin at sundown the day before this date
- ** Local or regional customs may use a variation of this date
