

Connecting to OAHS WiFi – Chromebook Users

1. First, click on the wrench located in the upper right-hand corner, followed by 'Settings'

2. Next, click Internet on the left side and then hover over to 'OA-Student' or 'OA-Staff' and click connect.

3. After that Select automatic for 'Phase 2 Authentication', Select 'Do not check' for 'Server CA certificate', enter your computer login under 'Identity' and password, leave the 'Anonymous Identity' field blank and then Click "Connect".

A screenshot of the 'Join Wi-Fi network' dialog box. It contains the following fields and options:

- SSID: OA-Student
- EAP method: PEAP
- Phase 2 authentication: automatic
- Server CA certificate: Do not check
- User certificate: None installed
- Identity: sru85*****
- Password: [masked with asterisks]
- Anonymous identity: [empty field]
- Checkboxes: Save identity and password, Share this network with other users
- Buttons: Connect, Cancel

4. Your computer will now reconnect automatically when in range of the Wi-Fi.
